Configuration on demand

The All In One Touchscreen PCs of the DP 2xW4 series can be adjusted to the customer needs. The systems are manufactured in Dreieich near Frankfurt/Main based on the build-to-order principle. You can combine freely the different Touchscreen models (DP 21W4, DP 23W4; see upper table) with the different PC configurations (Premium, Plus, Power; see table below). Our sales team will be happy to advise you in detail.

With the optionally available VESA Adapter, the DP 2xW4 can be mounted on any compatible wall holder or on specific ergonomically adapted pedestals.
